

## **Southern Tier Network, Inc. (STN) 2025 Report on Operations and Accomplishments**

### **Our Mission**

STN will enable universal access to affordable broadband services and promote economic growth in the regions we serve.

### **Our Vision**

STN will achieve its mission by building coalitions among public and private organizations to construct and maintain low cost, open access broadband infrastructure to drive economic growth and universal access to affordable broadband services across the region.

### **Operations**

STN's operates a fiber optic network across 8-Counties in the Southern Tier and Finger Lakes area of the state. STN employees a staff of 9 people across engineering, operations, accounting, sales & marketing, and management roles. In the 2025 calendar year STN added three (3) staff in the operations, sales & marketing, and accounting departments.

### **Accomplishments**

STN was awarded two (2) ESD ConnectALL MIP (Municipal Infrastructure Program) projects in 2025 that are currently active and scheduled to be completed by the end of 2026.
